## **Letter of Approval for John Smith**

To whom it may concern.

This letter is to confirm that Work Permit Centre has performed a positive assessment on the individual named above, in respect of obtaining a UK Work Permit and can state that in our opinion as Work Permit Specialists a successful application is probable based upon the candidate's current skills and experience and Work Permits (UK) current eligibility criteria. It is anticipated that once the application has been submitted the standard processing time for a successful UK Work Permit would be in the order of up to 14 days maximum depending on Work Permits (UK) work loads at the time.

Yours sincerely,

Darren Bennetts  
Consultant Adviser
